

# A TIME TO ACT

**The Times** Uncertain times are challenging. Uncertain times are unsettling. Economic conditions have changed in the blink of an eye.

**Stability** Increasing revenue is very difficult so managing expenses is extra important today in order to maintain stability.

“When the economy suffers, reducing expenses is imperative.”

**Our Clients** Our clients find us more valuable than ever. Our sole purpose is to help them reduce their expenses and act as watchdogs over their vendors.

**No Risk** Our fees are self-funded from savings generated. If there are no cost reductions through our independent advice, there is no fee.

**Mission** Our mission is to help our clients maintain stability in uncertain times without a risk of loss.

**SCHOOLEY  
MITCHELL**
